Ask the EXPERT₂₀₁₅

NORTH COUNTY DENTAL OFFICE WHERE EXPERIENCE OVERCOMES FEAR!

For many people, the idea of visiting the dentist causes a knot to form in the pit of their stomach. Fear, anxiety and apprehension take over, and overshadow their good common sense. We all know that good oral health and healthy teeth are an integral part of our total health. So why is it that 50% of Americans do not routinely see a dentist? The overriding answer is FEAR. People find many reasons to put off seeing a dentist ... "I don't have the time.", "It's too expensive.", "My teeth feel fine." But the bottom line is that they are afraid. Dr. Michael Myers and his staff at North Coast Family Dentistry are sensitive to that fear and have spent the better part of the last 40 years trying to allay people's fears and promoting dental health and comfort.

Dr. Myers believes that what sets his office apart is experience. "We have been serving our patients here in Encinitas for over 36 years. Many of my staff members have worked with me for 10 to 20 plus years. They have established strong relationships with our patients and have been able to respond to their unique dental needs and fears. We are proud of the loyalty our long-term patients have shown to our practice."

"We are committed to excellence", says Dr. Myers, "both in the delivery of dental care and in customer service. North Coast Family Dentistry is a dental practice firmly committed to the belief that you have the right to choose your own dentist and that you deserve the highest quality of care and personal attention. We've built our practice on the essential elements of trust, respect, and communication. Our patient reviews on various social media websites speak to this point. We encourage our patients to communicate to us their individual concerns and goals. We work hard to achieve those goals and communication is the key to this success."

North Coast Family Dentistry is a full service general dental practice focusing on restorative and cosmetic dentistry. In addition, Dr. Myers practice offers a wide range of dental hygiene procedures. From teeth whitening (Zoom!) to veneers to traditional crown and bridge or implants, Dr. Myers and his staff enhance the natural beauty of your smile.

Dr. Myers is a long-term San Diego resident. He earned his bachelor degree in biology from UCSD in 1971 and returned to his hometown of Washington, DC to attend Georgetown University Dental School, receiving his Doctor of Dental Surgery degree in 1975. He and his family returned to Southern California to begin his dental career. He moved his practice to Encinitas in 1979, and helped establish the North Coast Health Center in 1987. North County residents have been experiencing the professionalism and quality of Dr. Myers and his staff for over 36 years. Dr. Myers is a member of the American Dental Association and the San Diego County Dental Society.

Dr. Michael Myers' office is located in the North Coast Health Center, at 477 N. El Camino Real, Ste. A-302 in Encinitas. Dr. Myers is currently accepting new patients. To schedule an appointment, please visit our website, www.mlmyersdds.com, or call (760) 942-1171, to speak with our Scheduling Coordinator. Dr. Myers looks forward to meeting you and your friends, and helping to provide an experience you can smile about!
