North Coast Health Center

WINNING THE WAR AGAINST CANCER

Advanced Radiation Therapy

As part of their 10,000 sq ft expansion at North Coast Health Center, NCRO is adding two new vaults to house cutting-edge equipment. NCRO utilizes the most technologically advanced treatment available in external beam radiation therapy, specifically Intensity Modulated Radiation Therapy. This technology enables the physicians to treat cancer with more accuracy than ever before. The cure rates of certain cancers can be increased while decreasing the side effects of the treatment at the same time. It is the single biggest improvement in radiation therapy in the last 30 years.

SPECIALTY

- **IMRT**

- **Breast Cancer**
- **Gastrointestinal**
- **Gynecological**
- **Head & Neck**
- **Lung Cancer**
- **Prostate Cancer**

“We are excited about a comprehensive cancer and medical center in Coastal North County, allowing the North Coast residents to remain in their community even for advanced cancer care.”

Don Fuller, M.D.

Commitment to Coastal North County

North County Radiation Oncology is a partnership between Radiation Medical Group and Oncology Therapies of Vista. This partnership has brought innovative advances that both enhance the medical community and meet the needs of cancer patients in coastal North County.

North Coast Health Center

North Coast Health Center is adding a fourth new medical office building. And for the first time in 20 years, we will have space available for new tenants. Don't miss the opportunity to join more than 100 of your colleagues and to grow your practice in North County's highest profile medical campus.

For leasing information, please contact **Greg Petree at (858) 792-0696 x112**
