## STATE OF THE ART SPECIALTY SERVICES

### San Diego's Only Pediatric Specialty Group

For the physicians of Children's Specialists, children are not just a part of their practice, they are the entire focus and have been for over 25 years. As San Diego's only pediatric specialty medical group, Children's Specialists' mission is to provide specialty services that are state of the art, comprehensive, and family centered in order to improve the health and well being of infants, children, adolescents and mothers with high-risk pregnancies. To further this mission in coastal North County, Children's Specialists is relocating their Encinitas office to North Coast Health Center and expanding their presence with nearly 3,000 SF in the new Building D.

*"The addition of Children's Specialists to North County's largest outpatient health center will offer tremendous patient convenience. Families can now visit one location and have access to the full spectrum of pediatric care."*

**Seth M. Pransky, MD**
