New Tenant Spotlight

February 2007

DR. LORI ARNOLD - LA JOLLA IVF

North Coast Health Center is proud to announce that Dr. Lori Arnold, Scientific Director of La Jolla IVF, is expanding her infertility care to North County. Dr. Arnold will be joining the 477 Campus as a new tenant in Building C.

(see inside for more...)

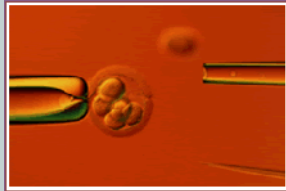

Lori Arnold, M.D., F.A.C.O.G.
Scientific Director, La Jolla IVF

North Coast Health Center

STATE OF THE ART FERTILITY CARE

Expanding Treatment & Research in North County

Over the last two decades, more than a million children have been born with the aid of in vitro fertilization. As one of San Diego's premier specialists with excellent pregnancy success rates, Dr. Lori Arnold's mission is to provide the highest standard of care to all her patients. Her expanded presence in coastal North County will now offer patients the convenience of localized testing with close proximity to La Jolla IVF's state-of-the-art embryonic laboratory. The growing amount of primary research and cancer treatment services at North Coast Health Center provides an ideal location for Dr. Arnold to continue her work on Preimplantation Genetic Diagnosis (PGD) and fertility preservation.

“Our expanded presence into North County’s largest outpatient health center will offer patients tremendous convenience while retaining close proximity to our state-of-the-art embryonic laboratory.”

Lori Arnold, M.D.

North Coast Health Center

North Coast Health Center is adding a fourth new medical office building. For the first time in 20 years, we will have space available for new tenants. Don't miss the opportunity to join more than 100 of your colleagues and to grow your practice in North County's highest profile medical campus.

For leasing information, please contact Greg Petree at (858) 792-0696 x112
