EXCELLENCE IN PRIMARY CARE

Scripps Expands Primary Care into North County

As part of their first expansion into North County, Scripps Mercy Medical Group has chosen North Coast Health Center as the location for their new primary care office. Their expanded presence of nearly 5,000 SF in North County's top medical center will further their commitment to providing high quality clinical care while promoting wellness and good health. Scripps Mercy Medical Group has been consecutively rated the No. 1 medical group for overall care in San Diego County since 2002 (Source: California Cooperative Healthcare Reporting Initiative). Their new medical office opened in February with a planned staffing of four physicians.

“Our expansion into North County’s largest outpatient health center will help Scripps Mercy Medical Group to quickly establish a presence in the community.”

Sandra Sands, D.O., Ph.D.
