## EXCELLENCE IN REPRODUCTIVE MEDICINE

### Offering the Latest Technology in North County

The California Center for Reproductive Medicine (CACRM), is a leading fertility center with nearly 20 years of experience assisting couples in achieving the wonder of parenthood. Their practice combines modern facilities and the most advanced techniques with first-class infertility specialists and uniquely personalized care. With their recent expansion, CACRM also offers a full time, on site laboratory director and specially designed and environmentally controlled lab that is proving to yield exceptional pregnancy rates. Additionally, CACRM provides a full range of services for all couples that may be at genetic risk for inherited diseases, such as : Cystic Fibrosis, Tay-Sachs, Thalassemias, Breast Cancer, Duchenne Muscular Dystrophy Hemophilia, Huntington Disease and Retinoblastoma.

***“Our decision to build a new state-of-the-art fertility laboratory in North County’s leading outpatient medical center centralizes all our treatment options in one location resulting in tremendous patient convenience.”***

**Lori Arnold, M.D.**

### Specialized Training & Compassionate Care

The group is led by Dr. Lori Arnold, one of Southern California’s most recognized fertility specialists. She is one of few doctors in the San Diego area that is Board Certified in Obstetrics and Gynecology as well as Reproductive Endocrinology. Dr. Arnold has specialized in the state-of-the-art technologies since 1992 and is currently involved in research regarding stem cells and egg freezing. She takes a special interest in building healthy families with high technology such as Pre-implantation Genetic Diagnosis (PGD).

To learn more about Dr. Arnold and CACRM, please call:

**(760) 633-2231 or visit [www.cacrm.com](http://www.cacrm.com)**
